

North Grenville Public Library Goes to the Jungle

Again this year, the North Grenville Public Library will be supporting literacy in our community by offering the TD Summer Reading Club to children ages 0-16. With the sponsorship of TD Bank Financial Group, the Toronto Public Library, Library and Archives Canada and the Friends of the North Grenville Public Library we will offer a program full of fun and learning and discovery.

The TD Summer Reading Club has been successful in inspiring children to spend more time reading books. It has also encouraged parents and caregivers to become more involved in their children's reading activities. The goals of the TD Summer Reading Club are to encourage Canadian children to read for pleasure, to help maintain and improve their children's reading skills during the summer and to encourage them to be lifelong readers and library users

This summer we will be exploring Jungles and will be offering a wide variety of programs for children and teens ages 0-16. Our popular book clubs "Tween the Lines" and "Book Chat" will return on Wednesday evenings. Other programs returning this summer include drop in story time on Friday mornings, and Bedtime Story hour. New this summer, we will be starting a LEGO club, providing the opportunity for kids to come and create awesome structures. Change being bored to board, and come to our Board Games drop in afternoons. Learn to play a game you have always wanted to learn, and make new friends. Time for Teens will be a special time for age appropriate activities, while the Tween set will be invited to our Jungle Bookie Rock Band tournament. The younger set will be up to some "Monkey Business". Program registration will take place at the South Gower Branch **on Tuesday June 29th, from 6:30-8:00 pm** and then again on **Wednesday June 30th from 9:30-11:00 am**. Full program details will be on the website in early June www.ngpl.ca.
